the new york times says elon musk is "a digital citizen kane"

john bartram was a botanist, just like ET  
the bartrams were abolitionist but still had slaves

i am googling "credenza"  
and "bay of pigs"

crinkling sound in the world around me

jessica rabbit: "i'm not bad, i'm just drawn that way"

have you heard about imcdb, the internet movie car database  
where you can, for example, see all movies with  
toyota corollas in them

the license plate in front of me says CNTEMPT  
nature is never ever silent

did you know that a cupola often serves  
no purpose, is only ornament

why does a country need "global influence"  
who the fuck cares

way too many options of floss at cvs

supremo plays wrecking ball and then the theme from footloose  
eight hours, FOR WHAT?

i remember pieces of stories but not where they come from  
my friend was blinded in one eye when working at forever 21

pessimism is statistically more common

what if it turns out i am just like everybody else  
what if that's just fine
